

Like its big brother, the 2300, the Osburn 1500 has a high-quality 1/8" stainless steel baffle. With its 55,000 BTU/hr performance and compact firebox, this stove is easy to light, providing quick heat. In addition, its reduced exterior dimensions and minimal clearance requirements make it an ideal choice for small spaces. The 1500 model is part of our new, easy to identify family of wood stoves with doors bearing the Osburn logo.
